Each module consists of a linguistic part where students learn and practise new vocabulary, a communication part where they use the learned vocabulary in a simulated dialog, and a test where their knowledge is assessed.

The students who complete the whole course with a score of 75% or more obtain a certificate.

IN THE CLASSROOM

COMMUNICATION WITH PARENTS

The communication sections are centred around real life situations and characters who participate in them. The main character is Anna Ševčenko, an Ukrainian teacher who is hired as a teaching assistant in a Czech school. The students are in the role of Anna and they initiate a conversation with other characters by choosing from multiple options.

The course was created by NGO Člověk v tísni (People in Need) and EdTech company Educasoft Solutions in cooperation with Czech Centre in Kyiv. It was funded by SOS Ukrajina fund-raising campaign.
