

# DigCompEdu Cookbook:

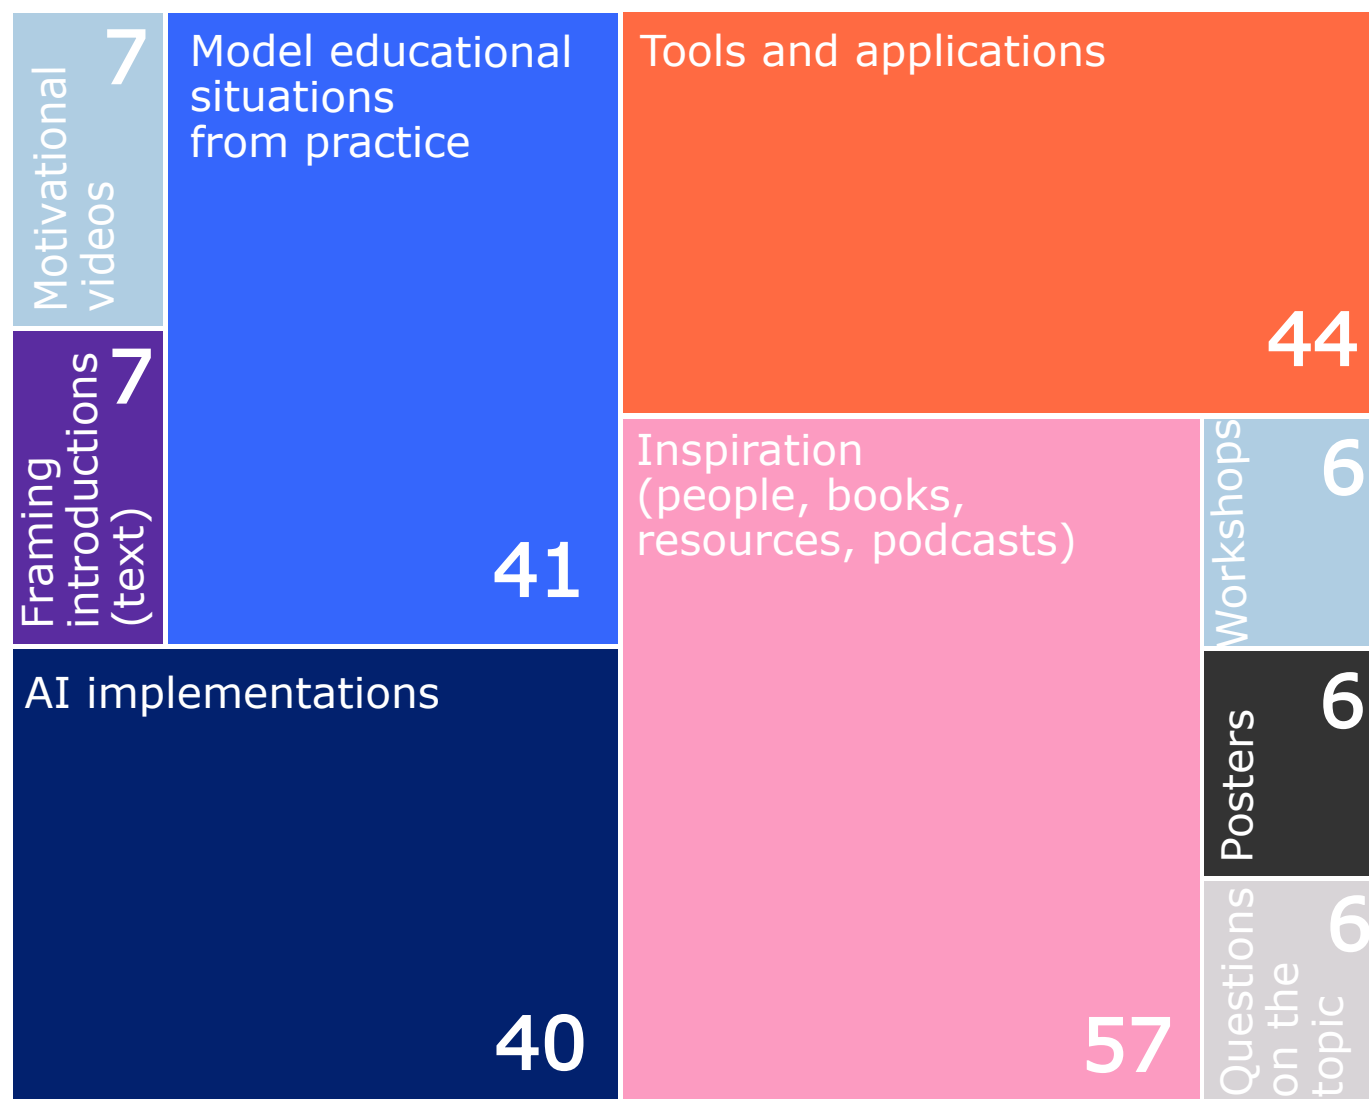

## an open online resource for teacher educators

Michal Černý, Daniela Ryšavá

*The National Pedagogical Institute of the Czech Republic, Prague, Czech Republic*  
*mcerny@phil.muni.cz, drysava@mail.muni.cz*

The Cookbook contains six collections of materials (by DigCompEdu area), containing a total of **214** learning objects:

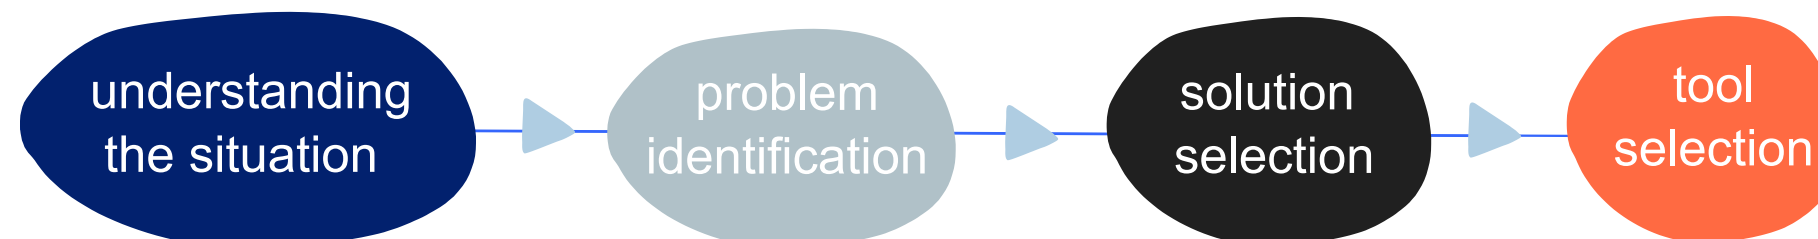

### Background:

- DigCompEdu - 22 competences in 6 areas
- Curatorial approach
- Cookbook
- Support for teachers educators
- Openness and modifiability (OER)
- Connection of DigCompEdu and AI

### How to work with the cookbook?

- Reflection of DigCompEdu framework
- Setting goals
- Working with your own educational style
- Using the sub learning objects as spices or inspiration
- Modifying examples
- Preparing your own lesson

### Digital competences:

It is always a combination of technical and pedagogical perspectives.
